

StarMakerFX Extreme Glow in the Dark large Sand Crystal

There are many applications where you can use our StarMakerFX Extreme paint:

Cosmic Star Ceilings

Sneakers

Art work

Resin / Epoxy

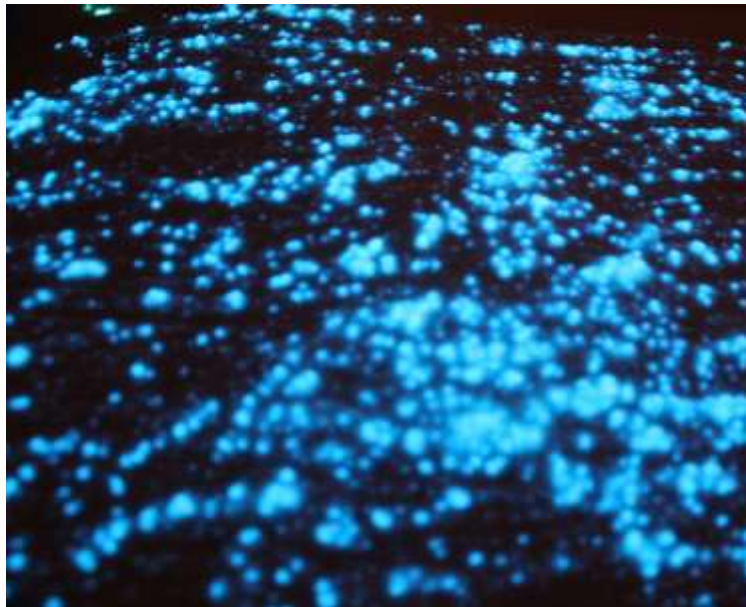

It is very simple to use.

Our StarMakerFX paint contains 1000's of large sand Glow in the dark crystals suspended in our specially formulated medium. The medium although looks white when you first get it actually dries Hard, Clear and Glossy.

1: Dip your brush in the paint and start painting

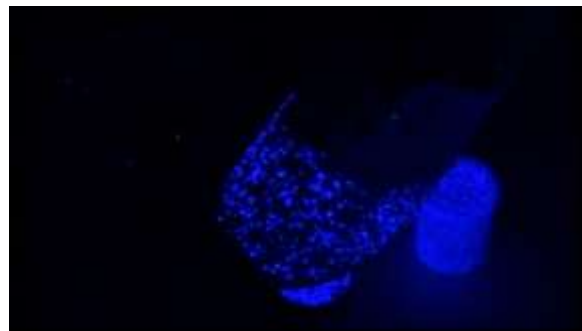

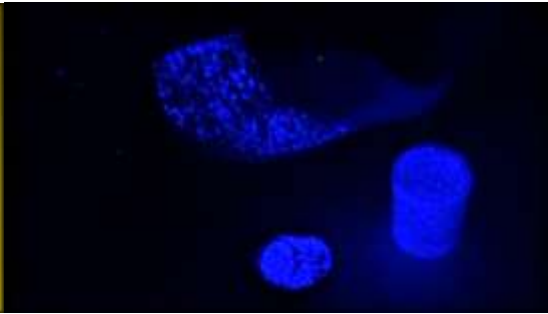

ITS THAT SIMPLE

You can paint StarmakerFX Extreme paint on to anything you want to decorate.

We painted our sneakers!

Anything is possible !
